1. In a few days, the DCI plans to present a "world" briefing to the PFIAB. This, in effect, will be a follow-up to his initial briefing to the Board earlier this year.

2. The DCI's briefing book for this occasion will be constructed in three parts:

(1) The World Situation--to be prepared jointly by CIA's Intelligence Directorate and the National Intelligence Council. (Your recommended inputs, if any, are invited.)

(2) This section will include items of particular interest of concern to each NFIB member organization--items that recommend the DCI bring to the Board's attention.

(3) Summary of individual briefings presented by each NFIB organization to the Board since January 1981.

3. Please provide your inputs, especially for items (2) and (3), by noon, 5 May 1982.
